

PE & Sports Grant Statement September 2017

Current Picture Based on 2016/17

For 2016-17 we have been delegated £9515 through the government's sports grant. We have identified five key aims for the use of the sports funding:

1. Improve children's achievement and enjoyment in sports and physical education.
2. Improve the quality of physical education teaching by allowing our staff to work with high quality sports coaches who are trained in the delivery of the national curriculum. This will ensure that the funding has a legacy as our staff will become better trained in delivering P.E.
3. Continue to improve our children's engagement with competitive sports through a structured program of sports competitions and festivals with our local cluster of six primary schools.
4. Ensure that our children can access a wider range of extra-curricular sports clubs. Many of these will be at no cost to the child. This will increase their participation and improve their health and well-being. We will be monitoring all of these indicators during the year and evaluating their impact by:
 - Tracking levels of participation including vulnerable groups.
 - Assessing children's achievement in the physical education and sports including vulnerable groups
 - Assessing children's attitudes towards sports and their health.

Impact

- Many opportunities were on offer through extra-curricular clubs and competitions/events through the Wallasey Alliance.
- Quality of sports coaching was inconsistent and children did not receive the appropriate amount of PE each week in some classes.

Overall Priorities for PE & Sports Grant 2017/18

- Ensure all children receive high quality physical education and outdoor learning for a minimum of 2 hours per week.
- A range of extra-curricular clubs will be on offer that promote health and wellbeing – many free or subsidised
- High quality activities available at lunchtime through sports coach and trained play leaders

How will this be measured?

- Registers kept from clubs will be monitored to ensure majority of children have the opportunities to participate
- Pupil voice surveys about provision at lunchtime each term
- Subject leader to monitor high quality outdoor learning experiences

Area for spending. What provision are we providing?	Intended Impact	Funding
Little Sports Coaching	<ul style="list-style-type: none"> • Range of activities on offer at lunchtimes • Sports coach runs activity each lunchtime including focus children • Children encouraged to try something new • Pupil voice surveys reflect increased participation in different activities 	£5320
