

### **French ideas – Year 5/6**

Here are some suggestions for French work you can complete:

1. Over the past few weeks we have been looking at compass points and French city locations. Some of these cities were Amiens, Toulouse, Bordeaux and Dijon. Choose one of these cities, or another French city of your choice, and find out some information about them. Create an information poster to present the information in an eye-catching way.
2. With Easter coming up, make a French Easter card (Joyeuses Pâques = Happy Easter)
3. Find out how people in France celebrate Easter and how their traditions are similar/different to ours. Write a short information paragraph to explain what you have found out.
