

RESIDENTIAL VISIT **Conway Centre, Menai 2022** **KIT LIST**

The key to a kit list is that you shouldn't need to buy anything new. Old, sensible clothing is advised. The children will require footwear with good grips for taking part in activities and waterproof clothing for poor weather. It is also likely that the children may need to get changed during the day if they get especially wet.

Please remember to label your child's clothing and give your child this list so that he/she can check their things as they pack to come home.
